### And What Have You

By BOB CRAIG

A large number of West Texans will likely be in Austin today as the hearing on the four Hospital Districts in Jones and Fisher Counties will be held by a Senate Sub-Committee. Because there has been quite a bit of controversy about the districts, this will likely be only the beginning of the battles in Austin.

Whatever bills make it out of this Senate Committee must be passed in the Senate and then go to the House. Separate bills have been introduced in the House and the House can either pass their own bills or amend or adopt the Senate bills.

It is anybody's guess as to how the three Senators serving on the Sub-committee will react to the differences between the proposed Hamlin District and the Fisher County District. There are other problems facing the three Jones County bills from people living in the Southern part of the county but this conflict with Fisher County is the major one affecting the people of Hamlin.

Leaders in the movement to create the Hamlin district have made every effort to reach a compromise with the people of Fisher County but to no avail. The leaders in the movement in Fisher County claim the right to their entire county and it is the opinion of the people of Hamlin that the land just West of Hamlin should be included in Hamlin's district.

We have people living within the Hamlin City limits that would be taxed to pay for a Rotan hospital. In reading some of the statements that have been appearing in the Rotan newspaper the past few weeks one would think that Hamlin is trying to take away all of Fisher County to support our hospital.

But in reality, Hamlin is only seeking a small portion of Fisher County, that part that is obviously within the Hamlin trade territory.

Since no compromise has been reached with the leaders of the hospital movement in Fisher County the matter will have to be settled by members of the Legislature serving as arbitrators.

We were glad to see The Abilene Reporter-News recognize Coach Tom Dechairo and two of his basketball players this week by naming them to the Class AA All-Area team.

Along with naming Dechairo as coach of the year, the Reporter-News named Milton Jones to the first team and David Willis as honorable mention.

With the sensational job the Piper track team has been doing this season it is hard to realize that they won their first meet last week when they won

**IN TWO DISTRICTS?** — The house on the left belonging to Mr. and Mrs. L. C. Bonds located on the Rotan Highway could be split between two hospital districts if Fisher County is allowed a county-wide hospital district. Half of the house is in Jones County and half is in Fisher County. A number of Hamlin citizens will be in Austin today (Thursday) appearing before a Senate Sub-committee in support of a Hamlin Hospital District that would include a small part of Fisher County. Fisher County residents are seeking a district that would include all of their county, right up to and including part of the city of Hamlin.

## Fund Drive Launched for Cemetery

Several hundred letters were mailed last week by the Hamlin Cemetery Association seeking contributions for the fencing of the entire Cemetery acreage.

Only those persons living out of town received letters, according to Miss Lennie Greenway, secretary-treasurer of the association. Letters were not sent locally and the association hopes that local residents will respond to the cause through information in the news media, she said.

Contributions have begun to come in from out-of-town sources but few local contributions have been received.

As soon as money for the fencing can be obtained, work will begin. Bids and estimates are being secured at this time so that the work will not be delayed. Estimated cost of the project is \$4,000.

Contributions may be mailed to the Hamlin Cemetery Association, 248 Northwest Second, Hamlin, Tx. 79520.

## BCD Seeks Cooperation For Clean-up Campaign

Dear Citizen of Hamlin:

In the busy time that we all live, and the hustle and bustle of daily life, many important things seem to be overlooked or taken for granted.

We would like to take this opportunity to thank you for your consideration, cooperation, and understanding for it is you, the Citizen, that stands out as the contributing factor to our present and future growth in Hamlin.

The general public has been made more aware in recent days of the definite need to put forth extra effort to CLEAN UP, PAINT UP, FIX UP some obvious buildings and grounds that are less than attractive to passers-by.

Would you please survey your property and make the needed improvements to help make your property look its cleanest and best?

Again, let me say thank you for your contribution to Hamlin, and a sincere wish for a cooperative effort from all, to have a successful CLEAN UP CAMPAIGN.

Yours very truly,  
Hamlin Board of Community Development

## Jaycee Sponsored Circus Sets Performances Friday

The Big Top is back. A bit of Americana returns to Hamlin Friday when Fisher Bros. Circus comes to present two performances downtown. The big top will be pitched on S. E. Ave. A between Second and Third Streets. The circus is sponsored by the Hamlin Jaycees.

Tickets may be obtained from any Jaycee Club member. Advance tickets cost \$1 per person. Tickets will also be sold at the gate but will cost \$1.25 for children and \$1.50 for adults. Performances begin at 6 and 8 p.m.

Tickets are available also at City Food and Heidenheimer's. Advance tickets cannot be purchased after Thursday evening.

Jaycee president Sam Mack Hodges urges circus-goers to purchase their tickets in advance because of the lower prices and because the Club's agreement with the circus guarantees the local organization a higher percentage from advance sales than from those at the gate.

Fisher Bros. Circus features trained animal acts including elephants and dogs, trapeze and balancing acts, clowns, comedians and many other exciting acts.

One of the top attractions of the Circus is an action-packed midway featuring a mammoth hippopotamus and a giant python snake that measures more than 22 feet long and weighs more than 200 pounds.

Hodges said the circus should provide wholesome entertainment for the whole family. He added that proceeds from the affair will be used for civic projects by the Jaycees.

## Rabies Clinic Re-set Today

A heavy run of animals to be vaccinated here Thursday resulted in all the vaccine being used before all animals were vaccinated for rabies. Because of this, the veterinarian will return today (Thursday) from 3 to 5:30 p.m. to continue the shots.

The rabies vaccination project is being sponsored by the Hamlin Future Farmers of America and is being held in the vocational education building at the high school. Cost is \$2.50 per animal.

Also available will be the license that will be required for all dog owners to comply with the new city ordinance which goes into effect Apr. 1.

## IN AUSTIN—

# Hearing On Hospital District Today At 2

A large delegation from Jones and Fisher Counties is expected to be in Austin today (Thursday) for the Senate hearing on several bills creating hospital districts in Jones and Fisher Counties. The hearings will be held at 2 p.m. in the Governor's Committee Room in the Capitol building.

Senator Jack Hightower announced this past week that the four hospital district bills (Senate Bills 447 through 451) will be heard before the Subcommittee on Public Health.

A number of interested Hamlin citizens left for Austin Wednesday and more are expected to leave today for the hearings. Delegations from Anson and Stamford are also expected to be on hand to support their bills before the subcommittee.

Residents of Fisher County are planning a motor caravan to leave for Austin this morning to present their case for a county-wide hospital district for Fisher County. It is expected that a large delegation from the southern part of Jones County as well as others will be in Austin to oppose creating one or more of the districts.

The Jones County districts are the expansion of the Stamford Hospital District, the creation of a Hospital District for Anson and one for Hamlin. The Hamlin District would include a part of Fisher County and the Stamford District would include a part of Shackelford County.

Representatives from Hamlin met last year with interested citizens from Stamford and Anson and the county was divided into three districts, each of which extended south to Taylor County.

Presently the Stamford hospital district coincides with the Stamford School district which, community leaders feel, does not fully represent the area which the hospital actually serves.

Anson has a general hospital operated by the City of Anson. The Hamlin hospital was built by public subscriptions and was operated by Doctors M. L. Smith, E. D. Perrin and E. J. Hawkins until last year. Since that time it has been operated by a group of local citizens with John C. Bryant serving as president.

The group was formed when it appeared that the hospital would have to close.

According to a spokesman for the group working on the Hamlin district, the need for the

district came about when Hamlin found itself being surrounded by hospital districts. It was the opinion of the group of civic leaders that Hamlin would have to form a district or else be included in someone else's district.

To the north of Hamlin is the Stonewall County hospital district, to the east is the expanding Stamford district, to the south and east is the Anson district and to the west is the Fisher County district. It is the feeling of the group that since Hamlin lies on the Fisher County line and the Hamlin

School District extends into Fisher County that the Hamlin district should include a small part of Fisher county.

Over the past few months there have been several meetings between Hamlin members and the Fisher County Hospital Steering Committee in an effort to work out a compromise between the two groups. Up until now, the Fisher County group has refused to compromise and it will be left up to the Legislature to resolve the differences between the two districts.

FROM THE FILES . . .

FIFTY YEARS AGO  
(March 23, 1923)

A record-breaking blizzard swooped down on all the south last Saturday night about twelve o'clock. Monday was a busy day for the welding men. Many pipes were burst and the fruit was greatly damaged.

If you miss "The Man Without a Country," you will miss the greatest American photoplay ever produced. It will be shown at the Opera House, Monday and Tuesday, March 26 and 27.

The Camp Fire Organizations have for their purpose the building of womanhood through working in love and attaining health. Hamlin has a Camp Fire composed of girls of about fourteen years of age. The organization is under the auspices of Hamlin High School. The girls must work for the money with which they buy their supplies. Last fall eleven girls made and sold sandwiches to get money to buy a charter.

The Blue Bird Bridge Club met Wednesday, March 21. Delicious refreshments were served.

TWENTY YEARS AGO  
(March 27, 1953)

Cotton farmers of the Hamlin area were interested to learn last week that the Department of Agriculture will support the price of 1953 cotton at 30.80 cents per pound, gross weight, for the base grade of middling seven-eighths inch cotton. This new price compares with the 1952 crop average of 30.91 cents.

When a Lakeview farmer shot a cotton-tail recently he noted it had four horn-like appendages growing from its forehead. He showed it to a biologist who turned it over to a taxidermist. It is believed that a severe laceration on the rabbit's head caused the horn-like growths to form.

More than a score of Hamlin Boy Scouts were among the 109 boy Scouts who camped together near Stamford last Friday and Saturday. During the two day camporee the Hamlin boys competed for various honors in contests between the various troops of the district. Troop 43 from Hamlin took second place by the Apache Patrol.

Track and field boys from Hamlin High School are improving in their showings at sectional invitation meets. Last weekend they placed seventh in the Brady relays.

TEN YEARS AGO  
(March 21, 1963)

Hamlin High School will host the District 6AA University Interscholastic League One Act play contests here March 26. The National Honor Society has taken the play contest as a project and will be in charge of advance ticket sales and stage operation. Admission is 25 cents for students and 50 cents for adults.

A meeting will be held at the Junior High School building Monday at 8 p.m. for all persons interested in setting up a summer teenage baseball program for Hamlin. Success of this venture will depend upon the efforts of the local people and especially civic minded citizens.

The Hamlin Camp Fire council is winding up the annual candle sale as they try to get it completed before the annual Dad-Daughter Banquet scheduled March 30. Tentative plans are being made to set up a booth in the downtown area soon.

"No Bride for the Groom" will be presented by the Hamlin High School Senior Class Friday evening at 7:30 p.m. in the high school auditorium. Tickets are 25 cents for students and 50 cents for adults. Reserved seats may be obtained for an additional 25 cents.

the Red Dog Relays at Ranger. They have consistently scored enough points to win most meets but have had to settle for second place up until this past Saturday.

They turned the Ranger meet into more of an exhibition than a track meet as they captured 11 first places and placed in all but one event.

They should get their first real test this Saturday when they move up and compete with the big boys of Class AAAA and AAA in the Key City Relays in Abilene.

While on sports we might pass along the fact that former Piper Coach Deane Wright has been named head football coach at Dimmitt. He has been coaching at Mexia this past year.

Neinda Philosopher Admits Things  
Have Left Him Confused As Anybody

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One seems clear this week about his confusion.

Dear editor:

"This has been a confusing week," the serious-faced news analyst began on his daily slot in the evening T.V. news the other day and what else he said I never found out because I immediately got side-tracked into thinking about that first sentence.

A confusing week? I'll tell you, anybody who can stretch his confusion out over a full week is scattering his attention out over too wide a span. If he'd have said, "This has been a confusing half hour," I'd have figured he was in better command of the situation.

Take some examples. How are you going to stay unconfused when a bunch of terrorists slaughter some diplomats or a group of olympic athletes for no good REASON AT ALL? Trying to defend against things like that is like trying to defend against a lightning bolt. Who can think straight about where they may strike next? Or for that matter, what airplane is going to be hijacked next?

Do you know anybody who knows anything for sure about the causes of the fluctuations of the dollar in the world markets? All I know is that while Europeans may not want to buy any dollars, they sure will accept them free, but that

doesn't clear up anything other than shedding a little light on human nature.

Is there anybody who can think straight on the proposition of bombing Hanoi one month and paying for the damage the next?

You know any economist who would not go to pieces if he turned inflation over to him with instructions to solve it on the basis of his theories?

How about drugs? Now there are some people who are clear about that. They think anybody who uses any kind ought to go to jail, until somebody in their own family is found trying the stuff.

I could go on for a dimly long time, mentioning traffic accidents, crime in the streets, welfare, poverty, busted railroads and airplane companies bailed out by the

government, guided missiles pointed in every direction including toward us, high taxes, tax dodgers, draft dodgers, baseball strikes, bankrupt cities, basketball recruiting scandals, graft in high places and low too if you can figure out a way to swing it....I say, I could go on but there's no point.

If anybody's not confused in this day and time, he's just not paying attention.

Yours faithfully,  
J.A.

MOUNTAIN TOP

"MOUNTAIN TOP EXPERIENCES" . . . It is not yet vacation time, however that time is approaching and we start remembering the wonderful feelings and experiences of our last trip to the mountains, and now we can start to plan new adventures.

That closeness, and the exciting feeling when worshiping the Lord is often referred to as a "MOUNTAIN TOP EXPERIENCE." We invite you to come worship the Lord in his house, and receive the joys of being close to God. Attend church this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Hamlin High Happenings

Piper Patter

by Vellane Rowland Terri Casey Piper Willis

Hey! I've always heard that spring fever had something to do with laziness, but that sure isn't true at HHS. It seems as if the fine weather we've had has aroused the spirits of the Piper athletes for competition. And believe me — temperatures are rising!!

Why in the past week the Piper track and tennis teams have really claimed the honors for our school. Last Thursday, in the cold March wind, our tennis team trucked over to Rotan for their second meet with their team. Winning in singles division were: Leigh Anne Vaughan, Vellane Rowland and David Mitchell; Doubles: LuAnn Shira and Dana Wright, Mignon Williams and Carla Adair and Rebecca Server and Rita Casey. Other team members that played were: JoDell Wilder, Ken Shira, Kenneth Payne, Roy Baker, Steve McKissack and Tracy Rowland. Tracy, David, Kenneth and Roy traveled to Aspermont with Coach Russell Merket Friday but lost in each event. Then Monday the Hornet team came here and lost to Tracy in singles, but won over David, Roy and Kenneth.

Last weekend, at Ranger's Red Dog Relays, the Hamlin team took top honors in all but three events to capture the title of "Division II Champions" and a total of 185 points, the highest of the meet. Our fantastic mile relay team wouldn't settle for just first they went on to set another meet record. This record-breaking team is made up of four top athletes: Milton Jones, Bill Cork, David Willis and Alfred McAfee. David also broke the meet record in the 120 yd. high hurdles.

The junior varsity also won their division at Knox City and the title of "Junior Varsity Champions" with a total of 142 points for the meet. These two teams will travel to Abilene this weekend to compete, as the only AA school among AAA and AAAA schools, in the Key City Invitational at ACC. Preliminaries start at 10:00 and finals begin at 1:00. And I'll be there backing them 100 percent. Stand proud, Pipers!!

hhs

Miss Bragg and Miss Mitchell are still undecided about the UIL typing contestants. Those competing against Aspermont for the final team are: Connie Christian, Marilyn Stewart, Mignon Williams, Frank Meyner, Herschel Houghton, Leigh Anne Vaughan, Kenneth Payne, Cynthia McMillan and Diane Ford.

The annual Teachers Appreciation Banquet was held Thursday, at 7:00 in the cafeteria. Over 30 adults and 15 students were on hand for the feast. Afterwards, president Frank Willis hosted several rounds of bingo for the ecstatic faculty members.

Eight members of the Hamlin Chapter, Future Homemakers of America, spent the weekend at the area convention in Brownwood. Luann Shira, Chapter 4th vice president, was elected area Seargent-at-arms and will serve throughout 1973-74. Members accompanied by sponsors Mrs. Joe Carter and Mrs. Pat Willoughby were: Luann Shira, Kathy Ponder, Dana Wright, Carla Adair, Debi Cary, Susan Howerton and Mignon Williams.

The Student Council Basketball Tournament began Tuesday and ends today (Thursday). Eight boys teams are entered with titles such as Buck and the Preachers, the Red Raiders, Seven Angry Men, and the Skyjacks. This tournament always contains fun and laughter, along with competition and skill. Good Luck to all the teams! And the referees!!

KEEP ON TRUCKIN' PIPERS!

Milton Jones, Coach Dechario Named All Area

Milton Jones, outstanding Piper basketball player, was named to the Class AA All-Area Squad by the Abilene Reporter-News. Piper Coach Thomas DeChairo was named Coach of the Year by the newspaper and David Willis, a junior, received Honorable Mention.

Jones, a 6'3" senior, averaged 19 points a game this season as he led the Pipers in scoring during the season. Coach DeChairo, in his first year as head coach of the Pipers, led his team into the first round of the Regional Tournament at Lubbock.

Joining Jones on the first team were Tim Pringle of Haskell, John Waggoner of Comanche, Jimmy Elrod of Hamilton and Paul Blackerby of Breckenridge.

Missionaries To Speak Here Monday

Transformation of a New Guinea tribe from savage cannibalism to civilized Christians will be told by the Rev. and Mrs. Mason Hughes and the Rev. Inagori Baglani, who recently returned from New Guinea, at the 7 p.m. service set Monday at Four-square Gospel Church.

The missionaries are presently touring the United States.

Rev. and Mrs. Hughes will be telling how they entered a savage area in New Guinea and through faith in God and love for the savage man they won many tribes and established a flourishing work.

Rev. Baglani was raised in a cannibal's home, converted to Christianity in a Foursquare Church, was educated in their local day school, received

college training in Australia and now serves as a local pastor in New Guinea.

The Rev. Robert Corser, pastor, extends an invitation for all to attend.
